Yates Community Center

Spring Soirée

About the YCC

May 28, 2026

Chubb Hollow Event Center

Catered by: True Roots

Together, We Rise. Together, We Bring the Vision to Life.

Since 2003, the Yates Community Center has been a place where neighbors come together for wellness, youth programs, recreation, and connection. Each year, people of all ages participate in YCC programs — yet without a dedicated indoor facility, many programs must be held in borrowed or temporary spaces, especially during the long Finger Lakes winters.

That is now changing.

By the time of our Spring Soirée on May 28, 2026, the steel structure for our new 35,000-square-foot Community Hub will be rising on site. For the first time, our community will have a year-round space where youth, families, seniors, and local organizations can gather, stay active, and thrive.

But while the building is rising, there is still critical work ahead.

To truly serve our community, the space must be equipped with features that make it functional, welcoming, and inclusive for everyone. This includes durable flooring built to withstand decades of use, protective netting and equipment for recreation, acoustic panels that help control sound and reduce noise, and thoughtful design elements that support seniors, youth and individuals with disabilities.

This building belongs to our entire community.

With your support, we can ensure that when the doors open, the Yates Community Center will be fully equipped to serve generations to come.

Together, we rise. Together, we bring the vision to life.
